

## LIFE SAVING TESTS IN "Y" SWIM CLASS

**Buys Who Pass All of the Difficult Examinations Are Awarded Red Cross Medal of Honor.**

At the opening of the swimming season the Y. M. C. A. is putting on a class leading up to the regular life saving test under the first aid department of the Red Cross has been organized. This test is graded to try the ability of even the youngest swimmers. From time to time other tests are given in the water, but by the end of the summer, so that by the end of the summer, those who have been will be able to complete the requirements for the junior lifeguards.

The junior testes are as follows: Lifeguards must be able to swim 100 yards in two minutes, strong enough to do a 100 yards, swim 100 yards, using 2 hands and swimming on back, etc. Across chest carry, using one arm and side stroke. Using breast stroke, hands of swimmed on shoulders.

They must be able to show in the water three methods of releasing themselves from pressure in case of drowning. When grasped by wrist held front neck held and back neck held.

Candidates who qualify in these tests are eligible to wear the Red Cross badge indicating their rank.

At the present time 63 have already entered the beginners' test, all of them have qualified. Fifteen have entered the examiners' test, and so far eight have past it successfully. Seven entered the life savers' test and at present three have won medals.

## WANTS WAGES OF MEN WHO WORKED ON ROAD

Suit to recover \$155.00 was filed in county court Thursday by Walter J. O'May against the board of Tulsa county commissioners, and C. O. Frye and Howard Frye construction company and A. M. Roberts, the plaintiff alleging the money to be due various workmen employed in the construction of the Tulsa Rose Hill cemetery road, who assigned their claims to the plaintiff.

The petition states that the 14 men whom claimed the plaintiff purchased were engaged in road construction by the Frye company under authority of a contract made with the county commissioners between the date of March 10 and April 18, 1919. The plaintiff further says that as assignees of the claims against the defendants, the bills have not been paid.

## SECOTYM CLUB GIVES AID TO STRANDED MISSOURIAN

Boatmen and tugs from a port near the "arks" from a Missouri town to Tulsa, a young man appeared to the Y. M. C. A. employment bureau a few days ago for aid. He had left \$12 a week job in a shoe factory and a straitened wife in Missouri and came here to seek a better livelihood.

Members of the Secotym Club were officers of the club's night and day service for a fund which was sent to the man's wife and through the Y. M. C. A. employment bureau work was found for him at Cushing's

times other tests are given in the water, but by the end of the summer, so that by the end of the summer, those who have been will be able to complete the requirements for the junior lifeguards.

The junior testes are as follows:

Swimmers must be able to swim 100 yards in two minutes, strong enough to do a 100 yards, swim 100 yards, using 2 hands and swimming on back, etc. Across chest carry, using one arm and side stroke. Using breast stroke, hands of swimmed on shoulders.
